

Look! Cubs

Andy Symanowski - key animator of *Aardman Animations*, and father of Cub Jacob - inspired us recently when he came to Cubs and introduced Wallace, Gromit, Were-Rabbit and Shaun the sheep. He explained the intricate process of building up the characters from an idea to a 3D model with a voice, unique style and personality of its own!

Andy showed the group how to make a short animation film and directed the Cubs in their roles - Son Jacob, filmed it!

Kingfisher Cub Pack with Owl boxes we made, ready for positioning in local woodland. Below and left; Wallace and friends come to Wotton and show us what they are made of!
